# NEW TUITION ASSISTANCE APPLICATION FORMS

Tuition assistance application forms have been updated! The new TA Application form may be completed on-line and printed, downloaded to a disk and then completed on a computer and printed, or printed and completed by hand. Once you open the document, you may want to use the VIEW menu on your toolbar to increase the font size. Since the form is divided into sections by color and some fax machines show color very dark, if you are faxing your document to the Navy College Office, printing in black and white is preferable. You can pick up copies of the new TA application form at the Navy College Office, or you may download the form at the following address:

https://www.navycollege.navy.mil/ ta1.html

### **SMART NEWS**

Academic courses <u>completed while on active</u> <u>duty</u>, which were not funded by Tuition
Assistance or Navy College Program for Afloat
College Education (NC PACE), may now be listed
on your SMART. These courses, funded by the GI
Bill, paid for by the service member, or funded by
other sources, will appear on the Academic
Courses attachment to SMART. They will not
appear automatically. There are two ways to have
these courses added to SMART:

- Mail a certified to be true copy, or notarized copy of your transcript to Navy College Center, NETPDTC N2A5, 6490 Saufley Field Road, Pensacola, FL, 32509-5204. Include service member contact information such as phone number or e-mail address.
- Visit your local Navy College Office (NCO) or Marine Corps Education Center. NCO/Marine Corps Education Center staff will verify authenticity of original/certified to be true/notarized copies of transcripts and fax them to the Navy College Center. NCC will only accept faxed transcripts from a Navy College Office or Marine Corps Education Center.

For more information on the SMART program contact the Navy College Office at 757-4100, or visit our office in Building 2189, Room 145.

### **CLEP NEWS**

Starting in January of 2004 the popular CLEP (College Level Exam Program) tests will be temporarily unavailable in paper form. This is part of a planned phase out of the paper-based exams as they are replaced by an Electronic Computer Based Test (eCBT).

However, due to incompatibility and security issues, the military will be not be using the new eCBT system and will be issued all new paper-based exams in April. This means that from January to April 2004 you will not be able to take CLEP exams at Military sites, including the Navy College Office. Service members who wish to take the CLEP exams during that period of time will have to take an eCBT version at a National Testing Center.

For additional information contact the Navy College Office.

## **SOCNAV INFORMATION**

SOCNAV (Service members Opportunity Colleges for the Navy) consists of 85 accredited colleges offering specific associate and bachelors degrees to Navy members worldwide through resident courses or distance learning. Colleges taking part in each curriculum area guarantee to accept each other's credits for transfer. The "home" college issues an official evaluation of all prior learning on a SOCNAV Agreement. This agreement serves as the student's long range degree plan.

Why become a SOCNAV student? SOCNAV colleges offer degrees in many different areas (called networks). Students do not lose credits; transferability of courses within the same network is guaranteed from one SOCNAV college to another.

Required residency is kept to a minimum. Many SOCNAV networks are closely related to Navy ratings, resulting in maximum award of credit for Navy training. SOCNAV colleges all over the world can be used to satisfy the degree requirements of the home college.

SOCNAV programs are available at many military installations; distance

learning options are available everywhere. The SOCNAV degree plan prevents the student from duplicating courses already completed. Contact the Navy College Office for additional information on SOCNAV, or visit the following website:

http://www.soc.aascu.org/socnav

## **NEW VA LAWS!!!!**

Recent legislation significantly affects VA education benefits. A substantial increase in MGIB benefits was enacted.

Also, many veterans previously not eligible will get a second chance to be eligible for MGIB.

View the summary document at:

http://www.gibill.va.gov/education/News/S1402summary.htm

Before this law, the military services, through their Tuition Assistance program, generally could pay up to 75% of the tuition or expenses charged by the school. Eligible service members had to find additional financing, or pay the remaining expenses from their own pockets. A service member eligible for the Montgomery GI Bill (MGIB), a VA education benefit, wasn't allowed to receive both Tuition Assistance and the MGIB for the same course.

#### What does this provision mean to me?

If you're eligible for MGIB, and plan to use Tuition Assistance (TA), you can now use MGIB top-up to pay the balance.

For more information, visit the VA website at: <a href="http://www.gibill.va.gov/education">http://www.gibill.va.gov/education</a> or stop by the Navy College Office.

# <u>Tuition Assistance TOP-UP</u> <u>Claims, Addresses, and EFT</u> <u>Information</u>:

VA Form 22-1990 should be submitted only if this is the first claim for VA Education benefits for the student. Subsequent forms other than the Tuition Assistance forms, are not necessary unless you have a new address or are adding or changing EFT (Direct Deposit) information.

This information can be included on any form of correspondence or provided by telephone at 1-888-GIBILL1 after the first payment has been received.
